Without Cue tip to the title

Siegfried Spielmann reported that Johann Scherz lost the cue tip on the penultimate point in his match against José Gálvez and shouted to him: "Johann, your cue tip is off!" But the Austrian was so concentrated on his game, did not hear anything, and finished the match without or with the rest of the leather, which nobody except Siegfried Spielmann noticed in the excitement of the final phase.

On the occasion of the World Championship in Huelva, José Gálvez was awarded honorary citizenship of his home town of Huelva.
